THE DAHLIA

WAS

CENTURY 21 OFFICIAL FLOWER

Dear Friends:

We have tried some more new dahlias for you this past year, and we have found some very pretty ones for the garden as well as the show tables, along with some of the older standbys. We hope you had a good year and this next one will be better.

We wish to thank all our customers for their past patronage, and we trust we may continue to serve you. We wish to welcome all the new customers we met at the Seattle World's Fair, and we wish you to know we will do our very best to satisfy you all. If we don't succeed, please do not hesitate to let us know, as we are not infallible.

All our roots are fully GUARANTEED to be true to name and in good growing condition. If for any reason they do not grow, or you are not satisfied with shipment, please return same and money will be refunded or replacements made at our expense, whichever you prefer.

Our stock is inspected and passed by the Department of Agriculture of the State of Washington, County of Snohomish.

Roots will be shipped as soon as the danger of frost is over, usually by April 15.

Extra root OUR CHOICE will be included with each order.

Orders over \$5.00 are postpaid. Any orders under that, please add 50 cents for postage.

Washington residents, please add 4% Sales Tax.

Please order early as some stock is very limited and we do not want to disappoint anyone who is ordering if we can possibly help it. If any substitutions are wanted, please state second choice, so we may mail your order to you at the proper planting time in your local.

All our dahlias are field grown in open ground; none are shaded to shield them from the hot sun, they are open to all elements of the weather and can stand the heat pretty well, as well as the rains.

DAHLIA CLASSIFICATION

A - - - over 8 inches	F.D. - - - Formal Decorative
B - - - 6 to 8 inches	I.D. - - - Informal Decorative
BB - - 4 to 6 inches	S.C. - - - Semi Cactus
M - - - Up to 4 inches	St C. - - - Straight cactus
Poms - 1 to 3½ inches	BALL - - - Ball type, complete ball

Collarette - is like a single dahlia but has row of petaloids in the center like a little collar, sometimes they are different shades than the big single flower.

Mignon - are very pretty single flowers with big disc center.

Anemone - Center is like a pin cushion, with one row of petals around the cushion.

THE OLYMPIC WINNERS
and
DAHLIAS ORIGINATED BY B. & J. GARDENS

OLYMPIC BELLE (B) (SC) 4½ ft. The last time THE AMERICAN HOME ACHIEVEMENT AWARD was offered for an individual dahlia, one that had won on its good merits, was awarded to this dahlia. The blend on each of the petals are of deep red and the center is a good clear yellow. It is a dahlia you would be happy to have in your garden and you can win with it on any show table. \$ 5.00

OLYMPIC DOLL (MIN) FD 2½ ft. NEW!! The first place this was shown was at the SEATTLE WORLD'S FAIR -- CENTURY "21," everybody fell in love with it, as it is a very pretty little ball type dahlia that is creamy in the center with very vivid red tips on each petal. A very good bloom that can be shown on any show table. \$ 3.00

OLYMPIC IVORY (B) (STC) 4 ft. A winner from the beginning, it is ivory in color and if you want to mix it in with other colors it blends in just beautiful, but in a bouquet by itself it is truly a sight to behold. Its split tips are very noticeable. \$ 3.00

OLYMPIC JEWEL (B) (SC) 4½ ft. A very delicate shade of pink, that fades to a lighter center. It folds back to the stems which are very strong. It has two American Dahlia Society Awards, and a Gold Certificate from the American Dahlia Society. It is very limited stock. \$ 7.50

OLYMPIC NYMPH (BB) FD. 2½ ft. We are very proud to offer this little nymph to you as it is really a nice winner. It has to its credit, The American Dahlia Society Gold Medal Certificate, which it won in the Pacific Coast Conference show at Everett, Washington in 1961. It is a very nice waterlily type of pink on the outer petals and light yellow in the center with lacinated tips. \$ 3.00

OLYMPIC ROSE (B) (SC) 4½ ft. A very unusual shade of old rose that is an extremely good dahlia. It has two American Dahlia Society Sweepstake Seedling Awards, a Gold Certificate from the A.D.S. and in 1961 it won The Best in the Seattle Dahlia Society Show, and in the same show won the best B size basket in the Show. It has very good stems and folds back to the stems with out opening the centers. A very sure winner for the show tables, and we sent some to El Salvador, C. A. and the reports we got back said "It never faded." \$ 5.00

OLYMPIC SPLENDOR (B) (SC) 4 ft. NEW! A seedling of Pride of Holland, but the color is a bit darker pink, very rich in color. We showed this

at the Fair and everybody admired it. We still have a few we can let out without running out of our planting stock. \$ 2.50

OLYMPIC TWIRL (B) STC. 4½ ft. Just going to mention this as our stock is so very limited. It is purple color and a silver reverse, we can't seem to keep this one on hand. We almost have to hide it to be able to keep any for stock. \$ 5.00

FIRECRACKER (B) SC. Another one we just want to tell you about as we can't seem to keep this unless we hide it also, as it is just one big explosion, with red lacinated tips with yellow centers. We have grown this for five years but everybody wants it so our supply is really limited on this one. \$ 4.50

"A" SIZE

AMI LOUIS BLINZ (SC) 5 ft.

A good black-red velvety dahlia. \$ 1.50

ARBUNITA (ID) 4½ ft.

Brilliant scarlet red very good. 1.00

LIBBY ROHR (PURPLE)	YELLOW GEM (YELLOW)

We had planned on having so many new dahlias for you this year, but due to being in the Seattle World's Fair for five weeks we sold out almost all our entire stock, but we do have a few new numbers we know you will enjoy having.

While in at the Fair grounds we met so many people from foreign lands as well as from our own states, and we never thought we would ever have this opportunity to talk to so many people. While there we met people from England, Africa, Australia, New Zealand, Holland, Norway, Sweden, Canada, South America, Hawaii, Alaska, and from all over the United States. Every one of them was so interested in our display which was the most photographic display on the Fair grounds, not counting the Buildings or the Fountain, but I mean of Displays.

We were so privileged to be just one of the displayers of the SEATTLE WORLD'S FAIR CENTURY "21" and since we supplied the Fair with all the Dahlias planted on the Fair grounds we were awarded the honor of being The EXCLUSIVE Suppliers of the Seattle World's Fair. We consider this an Honor to be named that by the Century "21" Officials, Mr. Joe Gandy, Mr. Dingwald, and others.

If we happened to have met you at the Fair, we certainly had a very nice feeling as every one we met was so very nice and cordial to us. Those of you who did order from us at the Fair, please do not hesitate to call on us for anything in which we can be of help.

Thanking you all from the bottom of our hearts, for all your past and present patronage, we hope you all have a very healthy and prosperous year ahead.

Until again next year
